MULTISPECIALITY HOSPITAL

Dr. Nitin Kumar Parashar

Consultant Cardiologist & Electrophysiologist
MBBS, MD (General Medicine), DM (Cardiology), Post-Doctoral
Fellowship (Cardiac Electrophysiology), MRCP (London)

★★★★☆ (1850 Ratings)

Dr. Nitin Kumar Parashar has joined Silver Streak Multispeciality Hospital, Gurugram as a highly skilled Consultant Cardiologist & Electrophysiologist. He completed his medical training at India's most prestigious institutes – PGIMER Chandigarh (MD in General Medicine), AIIMS New Delhi (DM in Cardiology), and further pursued a Post-Doctoral Fellowship in Cardiac Electrophysiology at Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST), Trivandrum.

He has previously served as Assistant Professor of Cardiology at both SCTIMST and AIIMS New Delhi, where he independently performed advanced cardiac procedures such as electrophysiological studies, complex radio-frequency ablations, cryoablation for atrial fibrillation, device implantations (pacemaker, ICD, CRT, conduction system pacing), angiographies, angioplasties, and structural heart interventions.

With a special interest in conduction system pacing, biventricular pacing, complex arrhythmia ablations, bifurcation angioplasties, chronic total occlusions, and TAVI procedures, Dr. Parashar brings cutting-edge expertise to cardiac care. He has published 30+ research papers in international journals, authored the renowned cardiology textbook "Review of Cardiology", and presented his work at global forums like the American College of Cardiology (ACC), European Society of Cardiology (ESC), and Asia Pacific Heart Rhythm Society (APHRS).

Awards & Recognitions

- Published 30+ papers in top international cardiology journals.
- ◆ Author of the widely recognized book "Review of Cardiology".
- ◆ Presented research at ACC (USA), ESC (Europe), and APHRS (Asia Pacific).
- ◆ Served as Assistant Professor in Cardiology at SCTIMST and AIIMS, New Delhi.
- ◆ Recognized for contributions to Electrophysiology & Structural Heart Interventions in national and international platforms.

Areas of Expertise

- Electrophysiological Studies (EPS)
- ◆ Radiofrequency Ablation & Cryoablation for Arrhythmias
- ◆ Pacemaker, ICD, CRT & Conduction System Pacing
- ◆ Echocardiography (Adult & Pediatric)
- ◆ Angiography & Complex Angioplasties (Bifurcation & CTO)
- ◆ Structural Heart Interventions (TAVI, BMV, BAV, BPV)
- ◆ Pediatric & Adult Device Closures (ASD, PDA)
- ◆ Stroke & Heart Rhythm Disorder Management

With his strong academic background, global exposure, and hands-on expertise in complex electrophysiology and interventional cardiology, Dr. Nitin Kumar Parashar stands as one of the most promising and trusted cardiologists in Gurugram. His approach blends precision, innovation, and compassionate care, ensuring the best outcomes for his patients.
